SELF INTRODUCTION

I am a dedicated and self-motivated Full Stack Development student currently pursuing a 3-year diploma at Aptech, with 1.5 years successfully completed. I have worked with various programming languages and frameworks, always aiming to deliver work with 100% effort and perfection according to requirements. I have a strong passion for learning new technologies and concepts. I am naturally curious about how and why things work, and I actively research and study to enhance my skills and understanding

EDUCATION

2021 -2023

WORK EXPERIENCE & PROJECTS

Crew Member

Mcdonald's 2021 - 2022

Worked as an all-rounder crew member, handling multiple tasks including customer service, order management, food preparation. Developed strong teamwork, communication, and problem-solving skills

Customer Care Representative

Tranzum Courier Service 2022 -2023

Handled customer inquiries and complaints through phone and in person communication. Provided accurate information, tracked shipments, resolved delivery issues, and ensured customer satisfaction. Developed strong communication, problem-solving

Projects

Beautiful Beaches

Developed in my first semester at Aptech, this project showcased popular beaches with images, descriptions, and interactive design elements. Focused on user-friendly layout, responsive design, and attractive presentation using HTML, CSS, and basic JavaScript

Portfolio
